Degree

August 28th - 7:00 PM EA Degree for  
Kevin Walsh

September 4th - 7:00 PM Stated Meeting

### From the East

Brethren,

We had a very productive meeting this month. We had another petition approved by those in attendance. Cole Williamson gave an excellent report on the upcoming Trap Shoot. PM Karl Kimball graciously accepted my invitation to take over the Membership Committee while our SW Tony Francis is on deployment.

Brethren, I am very excited about the Trap Shoot and the potential it has for our Lodge in terms of positive publicity, profitability, and plan old fun. I hereby summon all Trinity Lodge members to activity participate in promoting this event. I refer you to our obligation as Masons, and you must determine the

length of your cable tow. Brother Williamson has made it very easy to register via our website, [www.trinitylodge694.com](http://www.trinitylodge694.com). You can print or download the registration form from the website, and distribute it to your friends, family, and/or business contacts. We must show Bro. Williamson the respect that he deserves for all of the work that he has put into this fund-raising event.

Also, I am encouraging the members of Trinity Lodge to visit a Lodge of your choice this month. This will nurture our relationship as Master Masons, and help promote the good works that our Lodge is engaged in this year. Furthermore, we are having another Entered Apprentice Degree this month, so plan on attending this initiation.

Finally, I want to personally congratulate Brothers Cole Williamson and Waylon Cooper for doing their duty as Master Masons. On a recent committee assignment, Brother PM Paul Graziani experienced a severe medical emergency. These Brothers recognized the situation, and acted on behalf of Brother Paul, thereby, probably saving his life.

Fraternally,

Mike Rushin, Jr. PM  
Worshipful Master

There are two old proverbs that say “*if you don’t like the answer ask a different question*” and “*if you don’t like the results change what you are doing.*”

Is it just an accident that in each degree there are different questions and answers?

Is it just a coincidence that when we change what we are doing in the ritual we receive further or more light?

Does the ritual remind us that this life is a journey of new questions giving us new and different answers . . . .and when we quit asking new questions and seeking new answers that we quit receiving more light?

This month’s Trivia question goes back to our Fellowcraft assignment of studying the seven liberal arts and sciences. The question is what Greek philosopher is credited by historians with contributions to both Geometry and Music?

Bob Winchester

Secretary

P.S. Our new website is up and running thanks to Brother Cole Williamson and the address is [www.trinitylodge694.com](http://www.trinitylodge694.com)

Check it Out!
