September 30th - 7:00 PM – Practice

October 2nd – 7:00 PM Stated Meeting

From the East

Brothers of the Square,

Another month down and a few to go for the year 2008! Have you accomplished many of your small goals? Have you accomplished any of your large goals? And better yet, have you accomplished any of your Masonic goals? These questions I ask you now in hopes that if you haven't achieved anything you have set out to, you can get off your rumpus now and finish something. I know for me this has been an overly busy year. I am not even sure that I am going to have anything to show for it, but, I know I have achieved things. I am a little upset at not bringing in hundreds of new Masons, yet I am happy for those who are traveling. I am a little upset at the turn out of lodge

brothers at meetings and practices, yet I am grateful for those who have. I am upset at the progress I have made with my lecture, yet happy I can get thru lodge without falling completely down. As a person I am upset at myself for not being able to be everywhere everybody wants me to be, yet I am ecstatic for where I have been. My brothers, we have so many things pushing us from ourselves these days with little pulling back. We have so many things taking us away from the lodge and even less getting us there. The time is NOW! Put aside your personal troubles and come vent to us. Come hang out with us. Let the Lodge be a Calgon of sorts or maybe a Kit Kat bar. Let us give you a break. It is important to me that I see each of you, and get to shake your hands. It does me good to chat with you on a brother level and ask for help. So many things in this world fall to the way side that you have no control over, but with the lodge, you do. Come and just enjoy the company. It's never going to be a fair or a night at the fights. But, if you show up, you might can get you brothers to go with you to the fair or go to the fights with you. I ask all of you to look into yourselves, RIGHT NOW, and make a commitment to one of the few remaining meetings we have and show up. We have a Fellowcraft and a Masters Degree coming soon. We have St John's night in December which aims to be a night to remember. We have another family night or day in November to call the hogs. If you have not seen me in recent months I urge you to come and

check out my changes. I don't even look the same since last we met. The rest of the month of September I will be out of town on my military two week stint. Who cares that it is in Hawaii. I want to see you there in October when I get back and the officers want to see you at practice. We should have petitions to vote on and events to plan so please, this time, be square.....

Yours in Friendship, Morality and
Brotherly Love

Anthony A. Francis
